

SPECIAL NEEDS

Dear parent or guardian of a “Special Needs” person,

You are already on our online enrollment “Webapp” at www.mailboxclub.net. And we expect you have a desire to receive Bible lessons “Thru-the-Mail” for your “Special Needs person. Here is how that can be accomplished:

Go to and use the “Children’s form”, which assumes the lessons for Teens and Adults are probably more advanced than your special person can handle.

Fill in all the fields with the requested information. When you come to the “Signup Code” field, type in SPECIAL NEEDS just as shown here. As you enter your individual’s information choose an age that you believe fits their learning level best. The form may insert a “generic” birthdate (11/30/YYYY) and you should just ignore that.

Once we receive your request we will create the student record, mark it SPECIAL NEEDS and send a lesson for the age you have chosen. When you return the first “Question page” for grading you may indicate your student’s correct age and birthdate; we will update their record but the SPECIAL NEEDS flag will remain and that will insure your student continues getting lessons that fit.

Should you find that your choice was either “TOO HARD” or “TOO EASY” you can simply note that on a return question page and we will move your student up or down in the curriculum list to find the very best fit. We do read and heed all notes sent in with question pages!

We look forward to enrolling your SPECIAL NEEDS person so they can learn and enjoy the lessons that fit their abilities!

**Sincerely with joy in serving Jesus,
The Mailbox Club – Discipleship Center**
